

SD1125S1

(Clearing width 1100mm/43.3inc 25.0ps/25.4hp)

SD Gasoline

Pursuing user-friendliness and safety while retaining high snow-removing capacity

Redesigned the top cover

Employs a pressed top cover with an innovative design to further expand the operator's front view.

New features for operability and safety

Foot light enables safe and easy night-time operation.

Back buzzer sounds to caution when moving backward.

Alarm horn button mounted as a new feature

Pressed auger blades comparable to those of large machines are employed. Auger operability and durability have improved.

High snow removing capacity and reliability

HST zero start function that returns the HST lever to "N" when the traveling clutch is at the "cut" position.

Two-point support trunk roller that excels in strength and vibration resistance

Model	SD1125S1
Clearing width	1100mm / 43.3 inc
Clearing height	680mm / 26.8 inc
Max clearing capacity	140t/h
Max throwing distance	25m / 23yard
L x W x H	2455×1100×1960mm / 96.7×43.3×77.2inc
Weight	680kg / 1500 lbs
Engine model	Subaru EH72
Engine type	Air cooled Gasoline engine
Max output kw	18.6kw/25.0ps/25.4hp
Fuel tank capacity	25L / 6.6gal
Start up system	Cell motor
Lift	Hydraulic
Rolling	Hydraulic
Chute adjustment	Electric
Transmission	HST (zero start)
Side clutch	Gear dock
